This project, designed in the USA, consists of 10 independent villas of 5 different types, each of which is specially designed according to the topographic structure of the land.

A dynamic architectural approach that uses different materials such as wood, stone and metal was preferred.

With careful consideration, a view of the landscape was provided from every floor, terrace and even pools of each villa.

All villas have their own flat flats that fulfill the comfort of their guests and are not found in any other project.

The villas, which are integrated with the smart home system by taking advantage of all the blessings of technology, are at your disposal 24/7, even when you are away, with all the personalization possibilities.

Watch the view of Yalikavak, which resembles a dream, from every point of your terrace.

## PROPERTY LOCATION

This project, where luxury, comfort and sophisticated design meet with the breathtaking view of Yalikavak, is waiting for you to enjoy the privileges it offers and to touch the blue.
