PROPERTY DESCRIPTION

Tuna Park Atasehir is one of the most prominent modern residential projects on the Asian side of Istanbul, combining a strategic central location, contemporary architectural design, and strong investment value.

The project is an ideal choice for those seeking upscale living or a secure real estate investment in one of Istanbul's fastest-growing and most desirable districts.

The project offers a variety of apartment options to suit both family living and investment purposes:

2+1 apartments ranging from 116 sqm to 141 sqm

3+1 apartments with 186 sqm

4+1 apartments up to 266 sqm, featuring spacious balconies

Located on the Asian side of Istanbul, Ataşehir has emerged as one of the city's leading residential and business districts, particularly following the launch of the Istanbul Financial Center (IFC) — the largest financial hub in Turkey and a key national strategic project.

The area is distinguished by its advanced infrastructure, modern transportation network, and proximity to top universities and major healthcare institutions, making it a preferred destination for residents, expatriates, and investors alike.
