PROPERTY DESCRIPTION

This project is a place where you can invest, live, work, share, socialize, meet and learn.

In this project, the shared living spaces are on the best floors. The entrance of the building is not your typical lobby. This high ceiling ground floor that opens to a large garden offers a co-working area with workstations, meeting rooms and video call booths. In between work, there are lounges, gaming areas and a cafe where you can have fun, socialize, relax and chat with your friends.

Luxury Investing

The kitchen at the ground floor is reserved for the residents and their guests, a great place to cook your favorite dishes and share with your loved ones.

The whole 4th floor is reserved just for socializing. With a terrace overseeing the Cendere Avenue, surrounded by a garden you can wine and dine at the gourmet restaurant, sip your cocktail at the bar, lounge at the comfort of your home or watch your favorite movies with your friends on cozy nights.

Fresh air and the breeze of the wind is always available at the Gym. Get in shape or meditate while the amazing views of the city skyline lie in front of you.

Luxury Investing

The project offers 128 modern and fully furnished studios with room service and housekeeping. With resort-like amenities, a restaurant and a bar located right in the building.

The project is located right in the heart of the newly developed and gentrified downtown of Kagithane district, on the European side of Istanbul, just a 25 minute drive from the new Istanbul Airport.

The project has a special location right next to Vadi Istanbul Mall and Axis Mall. Also, it is 300 meters away from the metro line, and 5 minutes away from the Bosphorus.
