Project Property

PROPERTY DESCRIPTION

Live luxury in Nisantasi with healthy homes, in touch with nature.

In this project, you will be not just in the center of the city but also in the center of the green spaces. As you catch the rhythm of life, you will also hear the symphony of nature.

As much as you will be surrounded by art works, you will also hear the heartbeats of nature and watch its unique beauty.

If you were to ask why this project has so many details about nature, it is because we attach great importance to the "healing" power of nature.

Living Simply

Fresh air and plenty of oxygen will flow into your home through the spacious terraces, which you can access from your living rooms, bedrooms and kitchens.

Your home will be filled with the oxygen rising from the centuries-old trees of Ihlamur Palace that is located right next to your home, from thousands of square meters of grove.

You will always feel fresh and live a forest life in the middle of the city.

Meet a brand new approach of luxuriousness in this project. It's close to the city-center and in a well-established neighborhood.

A luxurious home is a home that offers privileges with its architectural details and with its balconies or terraces with a view. It is a home that keeps the luxury alive in all details with Concierge Services.

Amiriy Group

This project has already taken its place among the best projects in Turkey and the world. Its personalized and valuable materials give each house a unique character. The high ceiling interiors, as well as the spacious entrance halls and luxurious ambiance, will make you feel the perfection in every detail.

Nisantasi is the address of world famous brands and the best fashion designers. Stylish stores, each more stylish than the other, adorn Abdi İpekçi Street, one of the most expensive streets in the world with their most popular designs.

It is a great luxury to be within walking distance to almost everywhere. Nisantasi is always at the heart of art, fashion, shopping, business life, entertainment and taste.
